

ROSEHILL COLLEGE

End of Term 3, 2026

Kei aku nui, kei aku rahi, tēnā koutou katoa i roto i ngā āhuatanga o te wā,

Welcome back to Term 4.

It is hard to believe we are already entering the final term of 2026. Term 4 is a short and very busy term, and there is still a lot of important learning to be completed before we finish the year.

For our senior students, the focus is firmly on completing qualifications, finishing outstanding internal assessments, preparing for external examinations, and making the most of every opportunity for additional support. For our junior students, learning continues right through to the end of the year, including the second SMART assessment window for our Year 9 students.

This is not the time to take our foot off the pedal. Attendance, punctuality, engagement, and learning continue to matter. Every day and every lesson counts.

I encourage whānau to continue talking with your child about their learning. Ask what they still need to complete, what credits they have achieved, what assessments or examinations are coming up, and whether they need additional support. For our returning students, this is also an important time to reflect on what has been achieved this year and what their goals will be for 2027.

Term 4 is also a time to celebrate. We will acknowledge the achievements of our students through prizegivings, farewell our Year 13 students, and recognise the many academic, sporting, cultural, and leadership successes that have occurred throughout the year.

As always, thank you for your continued support of our students, staff, and kura. Let's finish 2026 strongly and positively.

Curriculum Update: Preparing for 2027 & Beyond

There continues to be significant change across education, and I want to keep whānau informed about what this means for our students at Rosehill College.

The Ministry of Education has released the updated **Years 0–10 New Zealand Curriculum**. For secondary schools, one of the significant changes is the implementation of updated curriculum content across Years 9 and 10.

For Rosehill College, this means our staff and curriculum leaders are continuing to review programmes, planning, and teaching approaches as we prepare for 2027. There is a stronger emphasis on clear learning expectations, building knowledge and skills, and ensuring students have strong foundations in literacy and numeracy.

There are also significant changes ahead for senior secondary education. These changes will be introduced progressively over the coming years.

There is a lot happening nationally, but our focus at Rosehill College remains straightforward: high quality teaching, consistent practice, strong foundations in literacy and numeracy, and ensuring our students are prepared for the next stage of their learning.

We will continue to keep parents and whānau informed as further information becomes available.

What's Happening in Term 4

Term 4 begins on **Monday 12 October 2026**.

It is a short term, but there is plenty happening across the College.

We begin with Te Ahurea Tino Rangatiratanga, followed by Niuean Language Week and Tokelauan Language Week. Students will also have opportunities to participate in the One Night Only Performing Arts Showcase and a range of learning and cultural activities.

For our senior students, the first few weeks are particularly important. Year 12 and 13 students have external folio hand in and marking opportunities, followed by NCEA examination assemblies and our Year 12 and 13 Prizegiving.

NZQA NCEA and Scholarship examinations begin in November, with examination and study arrangements continuing throughout the month.

Towards the end of the term, we will celebrate our junior students through our Years 9–11 Prizegiving and prepare students for the next stage of their learning through Transition Day.

We also wish our students travelling to Chiang Mai, Thailand, for the Global Schools Challenge every success as they represent Rosehill College internationally.

Please continue to check school communications throughout the term, as arrangements and some dates may change.

Senior Students: Finish Strong

For our senior students, these next few weeks are critical.

Students need to know exactly where they are with their NCEA qualification, what credits they still require, what internal assessments need to be completed, and which external examinations they are entered for.

I encourage parents and caregivers to sit down with your child and have this conversation.

If tutoring, catch up sessions, or additional support are offered, please encourage your child to attend. These opportunities are being provided because we want every student to have the best possible chance of completing their qualification.

Simply being entered for an assessment or examination is not enough. Students need to turn up, be prepared, and give it their best effort.

NCEA & Scholarship Examinations

NCEA and Scholarship examinations begin during Term 4.

Students entered for external assessments are expected to attend their examinations and arrive with plenty of time to prepare before entering the examination room.

Please support your child by ensuring they know their examination timetable, have appropriate transport arrangements, get enough sleep, bring the correct equipment, and arrive early and prepared.

Missing an examination can have a significant impact on a student's qualification and future pathway. If exceptional circumstances affect your child's ability to sit an examination, please contact the school as soon as possible.

Year 9 SMART Literacy & Numeracy Assessments

Year 9 students will complete their second SMART (Student Monitoring, Assessment and Reporting Tool) assessments during Weeks 1–5 of Term 4, from 12 October to 13 November.

These assessments are important. They provide us with valuable information about your child's progress in literacy and numeracy and help identify where additional teaching or support may be required.

We encourage whānau to talk with your child about their learning and encourage them to make use of any tutorials, Homework Centre sessions, or additional support that is offered.

Although the assessment window runs across the first five weeks of the term, the skills being assessed are developed every day. Attendance and engagement in learning are therefore important.

If your child needs additional support, please encourage them to ask for help early.

Key Reminders for Term 4

Attendance Matters

Improving attendance continues to be a priority for Rosehill College.

The Government has set a national target for 80% of students to be attending school regularly by 2030, with regular attendance meaning being at school more than 90% of all school time.

We know we still have work to do, and we will continue to focus on improving attendance and getting closer to this target. Every improvement matters because every additional day a student is at school gives them more opportunity to learn, connect with others, and make progress.

We encourage parents and caregivers to regularly follow up on your child's attendance. Please check their attendance information, talk with them about any unexplained absences or lateness, and contact us if something does not look right. If there are circumstances affecting your child's ability to attend regularly, please let us know so we can work with you.

It can be tempting towards the end of the year to think that missing a day here or there doesn't matter. It does.

For senior students, a missed day may mean missing an assessment, tutorial, or important examination preparation. For junior students, teaching and learning continue throughout Term 4.

If your child is absent, please notify the school as soon as possible. Where appropriate, you may be asked to provide a medical certificate or supporting documentation.

Our aim is to have our students at school, on time, engaged, and learning. Improving attendance requires all of us to work together, and we appreciate your continued support.

Arriving at School on Time

All students are expected to arrive at school **before 8:45am**, ready to begin learning.

Lateness continues to be an area we need to improve. We continue to have students being dropped off well after the start of the school day. Arriving late means valuable learning time is lost.

If you are dropping your child off after **8:45am**, please come into the Office and sign them in. If your child arrives independently, please contact the school and provide the reason for their lateness.

Being on time is a simple habit, but an important one.

Signing In & Out

All students arriving after 8:45am must sign in through the Student Office.

If your child needs to leave school during the day, they must be signed out by a parent or caregiver, and a valid reason must be provided.

Please understand that, where appropriate, we may request a medical certificate or other supporting documentation. This is part of our responsibility to ensure students are safe, accounted for, and receiving the maximum amount of learning time possible.

Thank you for supporting these procedures. They help us maintain accurate attendance records and ensure the safety and wellbeing of our students.

Uniform Expectations

As we move into the warmer months, our uniform expectations remain the same.

All students are expected to wear the correct Rosehill College uniform, including approved footwear.

We continue to see non uniform items such as Crocs, jandals, slides, slippers, black non uniform pants, and non uniform sweatshirts or hoodies being worn to school. These are not part of the Rosehill College uniform.

A reminder that team sportswear is only to be worn when students are representing the College at an official sporting event or activity. It is not part of the everyday school uniform.

Please support us by checking your child before they leave home. Maintaining uniform expectations should not take valuable learning time away from students or staff.

If your family requires assistance with purchasing uniform items, support may be available through Work and Income. Please contact the school if you require assistance.

Mobile Phones

We have seen improvement in students following our mobile phone expectations, and I thank those students and whānau who consistently support this.

However, some students continue to choose not to follow the policy. This takes valuable learning time away from themselves and requires teachers to spend time dealing with an issue that should not need to occur.

Phones must be turned off and kept in bags from the time students arrive at school until 3:30pm.

If you are contacted regarding your child's phone use, please support the school in addressing the issue. Staff are simply applying the expectations that are in place for all students.

If a phone is confiscated, it can be collected on Fridays or at another agreed time with the Principal. Please contact the school office first to make an appointment, as the Principal may not always be available.

Social Media & Online Behaviour

Social media continues to create issues that are often brought into school, even when they begin outside school hours.

We will continue to manage behaviour that impacts the safety, wellbeing, and learning of students while they are at school. However, we cannot monitor everything students do online outside school.

Whānau play an important role. Please know which platforms your child is using, who they are communicating with, and what content they are sharing.

Please talk with your child about keeping privacy settings secure, not taking or sharing photographs or videos of others without permission, not participating in online bullying or harassment, and thinking carefully before posting or forwarding content.

A conversation at home can often prevent an issue from becoming much bigger when it arrives at school.

Behaviour & Respect for Our School

As we enter the final term, our expectations around behaviour remain the same. We want every student to come to school feeling safe, enjoy their learning, feel connected, and be proud to be part of Rosehill College.

With a school roll of around 1,780 students, the behaviour concerns we deal with involve a relatively small number of students. However, the actions of a small number can have a significant impact on other students, staff, and the wider school environment. We have seen an increase in stand downs and students appearing before the Board for disciplinary matters, and this is something we want to address together.

Last term, I called a whole school assembly to remind students of our expectations and the importance of the choices they make. We also reinforced that bullying, harassment, intimidation, and violence have no place at Rosehill College.

We want our students at school, learning, enjoying being with their friends, and taking advantage of the many opportunities available to them. Please continue to talk with your child about making good choices, treating others with respect, walking away from situations that do not involve them, and asking for help when they need it.

Vaping, fighting, bullying, vandalism, and deliberate damage to school property will continue to be addressed appropriately. While these behaviours involve a small proportion of our students, they can have a significant impact and take considerable time and attention away from teaching and learning.

Most importantly, we want all of our students to finish Term 4 positively. Whether they are completing their time at Rosehill College or preparing to return in 2027, we want them to finish the year feeling proud of what they have achieved and the choices they have made.

It is important that we continue to work together as students, whānau, and school to maintain a safe and positive environment where our young people can focus on what they are here to do: learn, participate, enjoy school, and achieve.

School Transport

Please continue to check Auckland Transport bus routes and timetables, particularly as we move towards the end of the year.

A reminder that Auckland Transport buses are public buses, not school operated services. At times buses may be full and unable to pick up additional students.

If an AT bus drives past because it is full or there are ongoing issues with a service, please contact Auckland Transport directly.

Please plan ahead and ensure your child knows their transport arrangements so they can arrive at school safely and on time.

Finishing 2026 Well

Term 4 will move quickly.

For some students, this will mark the end of their time at Rosehill College. For others, it is the final opportunity to consolidate their learning before moving into the next year level.

Please continue to talk with your child about their learning, attendance, progress, and goals. Celebrate what they have achieved, but also encourage them to finish what they have started.

For our senior students, the message is simple: there is still time, but every day counts.

For our junior students, learning continues right through to the end of the year. We expect the same standards of attendance, uniform, behaviour, and engagement at the end of the year as we do at the beginning.

There is still plenty of work to do, plenty to celebrate, and plenty of opportunity for every student to finish 2026 positively.

Thank you for the encouragement, support, and partnership you continue to show your child and our staff. We appreciate your support and look forward to working alongside you throughout our final term.

Ngā mihi nui,

Davida Suasua
Tumuaki | Principal

He wāhi e whakatipu ana i te hiranga o ia tangata
– Together we create an environment for personal excellence

TERM 3 AWARD WINNERS

PRINCIPAL'S AWARDS

We proudly acknowledge the outstanding achievements of students who have demonstrated excellence in effort, attitude, and contribution across their subjects. These students exemplify the values we strive to nurture at Rosehill College.

YEAR 9

Sonny Aiono

Commitment to producing high quality work (Compulsory Physical Education and Health)

Saanvi Ajith

Conscientious effort and positive work ethic (Compulsory Mathematics)

Excellent attitude and consistent effort (Science: Planet Earth and Beyond)

Excellent effort and progress (Art: Digital Mixed Media)

Adira Akhtar Jahan

Excellent attitude and consistent effort (Compulsory Mathematics)

Excellent attitude and consistent effort (Compulsory Physical Education and Health)

Quinn Ambote

Conscientious effort and positive work ethic (Year 9 Immersion English)

Mia Anderton

Commitment to producing high quality work (Art: Practical)

Excellent attitude and consistent effort (Compulsory English)

Vedanshi Arora

Excellent attitude and consistent effort (Compulsory Social Studies: Our Aotearoa)

Kourtney Austin

Commitment to producing high quality work (Art: Practical)

Excellent attitude and consistent effort (Compulsory English)

Excellent attitude and consistent effort (Technology: Hard Materials)

Salvation Avia

Commitment to producing high quality work (Year 9 Intermediate English)

Conscientious effort and positive work ethic (Dramatic Arts)

Maryum Aziz

Commitment to producing high quality work (Compulsory Mathematics)

Commitment to producing high quality work (Technology: Soft Materials)

Enthusiasm and effort (Compulsory English)

Huia Bamfield

Excellent effort and progress (Compulsory Social Studies: Our Aotearoa)

Elise Blake

Excellent attitude and consistent effort (Compulsory Physical Education and Health)

Excellent attitude and consistent effort (Compulsory Social Studies: Our Aotearoa)

Kenzo Buenaventura

Conscientious effort and positive work ethic (Compulsory English)

Excellent attitude and consistent effort (Chinese Level 4)

Jade Burrows

Excellent effort and progress (Compulsory Physical Education and Health)

Peyton Burgess

Commitment to producing high quality work (Compulsory Physical Education and Health)

Carlo Cameron

Excellent effort and progress (Art: Contemporary Art of the Pacific & Aotearoa)

Julian Angelo Capillanes

Commitment to producing high quality work (Compulsory English)

Enthusiasm and effort (Spanish Level 2)

Brett Carlyle

Commitment to producing high quality work (Spanish Level 2)

Ashley Cea

Excellent attitude and consistent effort (Year 9 Immersion English)

Jerra Bethany Ceria

Commitment to producing high quality work (Compulsory Social Studies: Our Aotearoa)

Mika Chan

Commitment to producing high quality work (Compulsory Social Studies: Our Aotearoa)

Rishab Chandra

Excellent attitude and consistent effort (Compulsory Mathematics)

Jasleen Chaudhary

Conscientious effort and positive work ethic (Compulsory Social Studies: Our Aotearoa)

Donald Chibaya

Enthusiasm and effort (Compulsory Social Studies: Our Aotearoa)

Jimmy Chick

Excellent attitude and consistent effort (Compulsory English)

Excellent effort and progress (Social Studies: There is no planet B)

Riley Clark

Excellent attitude and consistent effort (Compulsory Physical Education and Health)

Grayson Collins

Conscientious effort and positive work ethic (Compulsory English)

Conscientious effort and positive work ethic (Compulsory Social Studies: Our Aotearoa)

Excellent attitude and consistent effort (Technology: Soft Materials)

Madison Court

Enthusiasm and effort (Compulsory Mathematics)

Excellent effort and progress (Technology: Soft Materials)

Baylee Cullen

Enthusiasm and effort (Compulsory Physical Education and Health)

Matthew Day

Commitment to producing high quality work (Compulsory Mathematics)

Emily Demiri

Excellent attitude and consistent effort (Science: Forensics)

Mia Dixon

Excellent attitude and consistent effort (Compulsory Mathematics)

Ruby-Jay Elkington

Excellent attitude and consistent effort (Compulsory Mathematics)

Excellent attitude and consistent effort (Compulsory Social Studies: Our Aotearoa)

Maiarayne Fenton

Excellent attitude and consistent effort (Compulsory Social Studies: Our Aotearoa)

Excellent attitude and consistent effort (Technology: Hard Materials)

Silivakai Finau

Excellent attitude and consistent effort (Manaakitia Mai)

David Fisilau

Excellent effort and progress (Compulsory English)

Ryan Fletcher

Conscientious effort and positive work ethic (Compulsory Physical Education and Health)

Excellent attitude and consistent effort (Compulsory Social Studies: Our Aotearoa)

Mason Frame

Commitment to producing high quality work (Compulsory Mathematics)

Sage Gibson

Commitment to producing high quality work (Technology: Soft Materials)

Excellent attitude and consistent effort (Compulsory English)

Frankie Gill
